SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, November 4th, there being present P. H. McEvoy, presiding, Wm. H. Brown, D. E. Blackburn and Jos. M. Francis. Absent, Jas. T. Casey.

The following named liquor dealers, having complied with the law and furnished the proper bonds were granted licenses:

First township—Fred B. Russi, Colma.

Fourth township—Manuel Lewis, Halfmoon Bay.

Fred Vallejo, the motorcycle officer of Halfmoon Bay reported that he had made 9 arrests of which 8 were convicted. Total amount of fines collected was $100.

R. C. Rafford of Menlo Park asked for assistance from the Indigent fund, representing that on account of his infirmities he was unable to earn a livelihood.

Chairman McEvoy reported that the applicant had recently met with an accident which incapacitated him from work. He recommended that he be given assistance which the chairman believed would be only temporary.

On motion of Francis, seconded by Brown, Rafford was granted $8 per month.

Communications were received from the city clerks of Redwood City, South San Francisco, Hillsborough, and Daly City, to the effect that the city councils of those cities had voted to permit the Board of Supervisors to construct such portions of the state highway as were within their incorporated limits.

The communications were accepted and filed.

For the information of the board Manager Fuller of the County Development Association stated that the State Highway Commission had given its decison, through the Attorney General, that it would not build any portion of the State highway through the incorporated cities. The board expected to do this work out of the proposed bond issue.

R. M. Morton, the board's consulting engineer, presented a report recommending that the grades of of the roads be lessened, particularly that of the road leading from Belmont to the lakes, the road crossing the San Pedro mountain and the San Bruno mountain road, and that a survey be made of the proposed road from Woodside to La Honda to ascertain the cost of the bridges and culverts.

After some discussion of the matter the report was referred to Suveyor Neuman, on motion of Brown, seconded by Francis, to act in conjunction with Mr. Morton in completing the surveys and to report to the board at its next regular meeting.

Attorney Lee Ross presented a report of the election held at Belmont, October 25th, for the formation of the Belmont Highway Lighting district. The report showed that a total of 110 votes were cast, of which 98 were in the affirmative and 12 against the district.

A resolution was adopted on motion of Brown, seconded by Blackburn, declaring the result in accordance with the exhibit made by Mr. Ross.

Bids were opened as follows for the construction of a reinforced concrete culvert near La Honda:

Hess & Carpenter, $800; extra concrete, per cubic yard, $10; time 30 days.

E. R. Mitchell, $1065; extra concrete, $10; time 20 days.

S. Mattson, $1100; extra concrete, $14; time 20 days.

On motion of Blackburn, seconded by McEvoy, the contract was awarded to Hess & Carpenter, they being the lowest bidders.

The following bids were received for constructing a reinforced concrete culvert on Hooper avenue in the Second township.

A. Mattson, $650; extra concrete, per yard, $8.50; time, 10 days.

Hess & Carpenter, $583; extra concrete, $10; time 30 days.

C. A. Buck, $600; time, 10 days.

E. R. Mitchell, $785; extra concrete, $8; time, 20 days.

On motion of Brown, seconded by Blackburn, the contract was awarded to Hess & Carpenter.

Surveyor Neuman reported that he was making progress in getting options on rights of way for the county roads in the event of the success of the bond election.

The chairman recommended that Central avenue, in accordance with the petition presented at the last meeting, be declared a county road.

The chairman's recommendation was accepted on motion of Francis, seconded by Brown, and the surveyor was directed to make the necessary surveys of the road.

District Attorney Swart reported that he had conferred with the attorney of DalyCity regarding the installation of more street lights in that city, and it was the opinion of both that that portion of Colma Lighting District included within the incorporated limits of Daly City was not under the jurisdiction of the Board of Supervisors.

The report was accepted and the matter will be acted upon at a later meeting.

Mitchell & Savage having failed to attend the meeting, as requested by the board, for the purpose of clearing up the confusion relative to the bridge built by them at San Gregorio, it was on motion of Blackburn, seconded by McEvoy, ordered that they be cited to appear at the next meeting and bring such data as is in their possession with them.

Mrs. Clara Mead of Redwood City applied for assistance in the support of her two half orphan children. On motion of Blackburn, seconded by McEvoy, she was granted the usual State allowance of $6.25 for each child.

District Attorney Swart called attention to the need of an ordinance to protect the clams from being exterminated by the Chinese and Japanese who supply them to the market.

George E. Dunn of Moss Beach also spoke of the need of protection for the eels on the coastside which were fast going out of existence through the same agency.

After discussion of the subject it was decided to have an ordinance prepared limiting the number of clams to be taken in one day by one person to 150, and to permit the catching of not more than six eels in one day by one person, their length to be not less than 12 inches.

Charles M. Morse presented the following resolution which was adopted on motion of Brown, seconded by Blackburn:

"Resolved, That the Board of Supervisors of San Mateo county in regular session this 4th day of November, 1912, does hereby express its earnest and deep appreciation of the results recently obtained by the San Mateo County Development Association in their campaign for lower transportation rates on the peninsula, believing that the rates now obtainable will prove a material saving to the people of the county, and be it further

"Resolved that this resolution be spread on the minutes of the board and that a copy of said resolution be forwarded by the clerk of said board to the Development Association."

District Attorney Swart presented the returns of the school bond election held at Burlingame, October 18th, at which the necessary majority vote was cast in favor of the bonds.

A resolution was adopted declaring the result of the election in accordance with the district attorney's report and it was ordered that the bonds, amounting to $50,000, be offered for sale at the next regular meeting.

On motion of Brown, seconded by Blackburn, it was ordered that the latter be authorized to purchase 250 feet of twelve-inch culvert pipe for immediate use in his district.

STUDENTS TALK ABLY ON THE CANDIDATES.

Saturday night, per previous announcements, the high school had a discusson of the political situation by five of its students and there was quite a number of people present. Charles Newhall led out with a short biography of President Taft with a record of his works and endeavored to show that he is the friend of the workingman and that he had prosecuted trusts. Following him, Andrew Stewart gave discussion of the various planks in the Prohibition platform. This party differs from others in being more of moral than political or commercial issue. Ray Griffin, a Wilson enthusiast, explaned that the vital issue of the day would be how party platforms would meet the higher cost of living, the trusts and the tariff. He maintained that the trusts were the real cause of the high prices and that the removal of protective tariff would be the solution. Another party and which is rapidly gaining ground is that of Socialism which was presented by Earl Eikerenkotter, in a very interesting speech. The last speaker was Frank Griffin who discussed the claims of Roosevelt. He emphasized particularly the minimum wage scale and child labor law.

Miss Marguerite Mayo, the 14-year-old daughter of Mr. and Mrs. Clarence Mayo of Pleasanton and niece of George H. Leary, won the second prize for drawing at the Alameda county fair last week.

The vesper service at St. Peter's church at 5 p. m. every Sunday bids fair to become very popular. The addresses by the rector are along the line of "What the Episcopal Church stands for."

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

The peninsula charmed Gasper de Portola. and Vancouver. It does you also or you would not be here. Help us populate it. We want names and addresses of those who might be interested.

According to the auditor's report submitted to the Board of Supervisors. Supervisor Blackburn has repaid Supervisor Brown of the Second township the $1500 borrowed from that township and still has $501.58 to be expended up to Jan. 1, 1913. This is an excellent record for Supervisor Blackburn, considering the mileage and amount of money he had at his command. The Fifth district has never had such an energetic representative.

"THE KING IS DEAD, LONG LIVE THE KING."

By an emphatic vote the people of the United States have pronounced in favor of a change in the policy of National government. After a long and favorable trial, the Republican party has been retired from the control of National affairs and the direction of governmental policies for the coming four years has been placed in the hands of the leaders of the party of opposite policies.

While this result was not such as the Times-Gazette had hoped for, we have at this time no fault to find with the decision, As loyal citizens of a great republic, we must bow with good grace to the will of the majority, pledging loyal support to every effort for the advancement of the prosperity of the country.

Nor do we fear that serious injury to our institutions or traditions will result from the change. Unquestionably Mr. Wilson is a man of ability and patriotic devotion. No reasonable citizen doubts for a moment that he will, during his official term, give to the country the best of his knowledge and effort."

In surrendering the reins of government the Republican party and its leaders leave a record of which they may well be proud. In assuming his high duties Mr. Wilson will be confronted with no serious problems. There will be turned over to his control a nation at peace with the world, with its credit unimpaired and its people happy in the enjoyment of unprecedented prosderity.

With the causes leading up to this decision of the people it is hardly necessary for us at this time to concern ourselves. Suffice it to say that the Republican party is far from dead. The element of disruption from which it has suffered is but a passing spasm, from which it will soon revive.

NO REASON FOR REGRET.

While we have not achieved all the results for which we contended, the Times-Gazette feels that on the whole it must congratulate the people of San Mateo County upon the outcome of last Tuesday's local contests. Each of the men returned to official position has been tried and not found wanting.

With Mr. Hayes returned to Congress we feel confident that the interests of of San Mateo County, so far as the national goverment is conserned will be faithfully guarded. As a resident of this section he understands our needs and is in full sympathy with our asperations. In the past our appeals have not been in vain and there is no reason to believa that in the future he will be less responsive.

Henry Ward Brown has a long record of accomplishment in the Assembly. He has always been true to the interests of his constituents, ever ready to do their bidding. Aided by the equipment of long experience he is in a position to aconplish much for the good of the county.

That the people of the third district will have a splendid representative in the board of Supervisors there is no question. Mr. MacBain is unquestionably fitted for the position, both by experience and environment. He has had a previous experience in the same position and when he retired left a record of which any man might well be proud. Known throughout the county as "Honest John," he can be relied upon to maintain this reputation. So far as he can accomplish this result the funds of the entire county, as well as of his own district, will be carefully conserved. The Times-Gazette strenuously advocated his election because we believed he was the best man for the place, and we feel confident there will be no occasion to regret that support.

Mr. Casey's record in the board of supervisors has always been a good one. No one has ever questioned his integrity or purpose, nor is it to be doubted that he gave to the county and his district the best effort of which he is capable, and that he will continue to do so. While many residents of his district earnestly and honestly advocated the election of his opponent, we believe that with the contest over, Mr. Casey will now receive their united support in his work.

Defendant Gets Decision.

The suits of A. M. Robertson and Dr. O. F. Westphal against H. C. Finkler submitted to Judge Buck for decision two weeks ago were decided in favor of Mr. Finkler. The parties to the suit own adoining property in the Canyada and each claim a certain right to the water flowing from Rock Spring located on the land of Finkler. The case is an important one and the following decision rendered by the court will be read with interest:

This is an action to determine rights to certain waters flowing from what is called Rock Spring, situated on the land of defendant Finkler. The two cases were tried and submitted together. It is one of those cases that should have been adjusted out of court. The term Rock Spring sounds well but there is not much of a spring to support the name. From the evidence presented in this case I have a right to assume that the name given this Spring was by accident or in order to impress prospective purchasers of the land upon which it is situated. Be that as it may the water flowing from Rock Spring is an insignificant quantity. In 1896 it appears that Mr. Isaac was receiving and for a long time thereafter did receive all the water flowing from Rock Spring and during all the years he thus received the water the flow therefrom was small, sometimes barely preceptible, the average flow being, from his testimony, about 300 gallons. Mr. Bromfield, while his testimony is not certain about the amount of the flow of water from Rock Spring, estimates it at about 500 gallons a day and I find that to be the amount of the average flow of water from Rock Spring. There is no question as to the share of the water to which each party to this action is entitled flowing from Rock Spring. The first question presented is to determine the location of Rock Spring and then determine the flow of water from said spring which has been done. Five-sixth of the water flowing from Rock Spring belongs to defendant Finkler and plaintiff Robertson, that is four sixths belong to Finkler, one-sixth to Robertson and one-sixth to Westphal. Doctor Taylor, the predecessor of Finkler investigated in the year 1906 the property around Rock Spring to ascertain if an additional supply of water could not be obtained. The Doctor tunneled the hillside of the ravine and secured an additional supply of water. The owners of the land on which Rock Spring is situated and the ravine in which the tunnel is located, objecting to this work by the Doctor, he simply took water from the tunnel by permission of the owners of the land. The Doctor by permission and not otherwise also took the water from Cow Spring to the pipe conveying the water from Rock Spring and from other sources a moderate supply of water was obtained. In these actions I am concerned only with the supply of water from Rock Spring. Rock Spring is located in a ravine, the extent of which does not appear from the evidence offered in this case. The attorneys for plaintiff take the position strenuously in their argument that wherever water is developed in this ravine in which Rock Sprng is situated such water is Rock Spring, with this proposition I am not in accord and the previous action of the parties owning five-sixth of this water do not sustain such contention. The land upon which this additional water was developed, as well as Rock Spring, was on the land owned by the heirs of Hattie Kreiss Green. Now if as contended Rock Spring was wherever in this ravine water was developed then the ownership of the land was of no moment. However when this land upon which is situated Rock Spring and this tunnel was before the probate department of this court for confirmation of sale in the year 1908 it appears that defendant Finkler and plaintiff Robertson were strenuous bidders for this land. The evidence shows that this land was of no value except for its water rights and yet at the above sale it brought the sum of $4450.00. The court must assume that at that time the parties owning at least five-sixths of this water regarded the ownership of this land as decisive of the question of the rights of the parties owning this five sixths interest, to the water in this tunnel. Of course they would not be bound as to their rights to this water by any action taken by them at that time because they might haveacted under a mistaken idea as to their rights to this water coming from the tunnel. Defendant Finkler got the land at that sale and plaintiff Robertson through his attorneys now claims that notwithstanding the large sum of money paid for this valuless land and for which he was a bidder, yet all the water on this land, in this ravine is a part of Rock Spring and the purchaser at the confirmation sale got nothing for his money he paid for the land.

I simply mention this fact to show the former attitude of the parties owning five-sixths interest in whatever right they may have to the water in this ravine. There was much evidence as to the location of Rock Spring and from it I shall find in accordance with the testimony of Mrs. Thompson that Rock Spring is located near a certain big rock and that this rock was some two hundred feet from the tunnel. That a much larger quantity of water was developed after Doctor Taylor took possessin of the property is not questioned. This fact however gave no vested right to any one using this water thus developed by Doctor Taylor for the reason that whatever development of water was made by Doctor Taylor was by permission of the parties controlling the land. Having located Rock Spring and having found the amount of water flowing from it and the respective shares to which the parties to this action are entitled being admitted findings will be prepared accordingly.

SAN MATEO AND BURLINGAME.

By a decicive vote the citizens of Burlingame have endorsed a proposition to issue bonds of the city to the amount of $175,000 for the installation of a municipal water plant.

Seemingly the Burlingame trustees will find a peck of trouble when they attempt to enforce their new ordinance levying a license tax on delivery vehicles. Protest has been filed with the council against its enforcement by the San Francisco Merchants' Association, who claim that the law is unconstitutional in so far as it affects them, basing the plea that they cannot be restricted in the right to deliver goodsto customers where orders are given direct to the stores.

The city of San Mateo is to enjoy an experience with a recall election. On Wednesday afternoon a petition was filed with the city clerk for the recall of three of the city trustees, the officials against whom the recall is invoked are trustees, M. J. Powers. J. J. O'Brien and G. H. Campbell In the case of Mr. Campbell the petition will have no effect, as that gentleman has resigned from the council and left the city. The movement is the result of ill feeling in the community engendered by the action of the council some months ago in ordering closed a street in El Cerito Park.

A meeting of the poultry fanciers of the county is to be held at San Mateo next Tuesday evening for the purpose of forming a Poultry fanciers' Association. The committee in charge of the arrangements for the meeting consist of Captain W. W. Hasings and C. H. Woodhans of Redwood City, A. R. Schroeder of San Gregorio, Joe Taylor of San Mateo and L. C. PREPARING TO CURTAIL SUNDAY SALOON HOURS

The only business of general public interest transacted at the meeting of the city council Monday evening was the preliminary consideration of the amendments to the liquor ordinances which were suggested in a recently presented petition. As finally decided upon the ordinance, when adopted, as it probably will be at the next meeting, will require that all saloons cease business at 6 o'clock on Sunday evenings instead of at midnight, as has been the rule in the past. That Sunday evening diners may not be deprived of the privilege of indulging in wines with their meals, the service of liquors in hotels and restaurants will be permitted on Sunday evenings until 9 o'clock, when this also must cease. There was but little discussion of the provisions of the new ordinance, the only question arising being the hour of limitation for restaurants and hotels, and on this question the hour finally fixed was in the nature of a compromise, some favoring an earlier hour and some a later. In general the ordinance failed to meet the approval of Trustee Hynding, who declined to discuss its provisions or to vote for its introduction.

H. D. McGarvey petitioned for and was granted permission to improve Jefferson avenue, fom the County Road to Adams street with an oiled macadam pavement such as is provided for in the general specifications for this class of work.

At the request of Mr. Genochio a street light was ordered installed at the intersection of Holder and Walnut street.

Trustees Hahir and Hynding were given authority to rearrange some of the lights on Main and Stambaugh streets for the purpose of securing more effective service.

A. Teichert & Son filed notice that work had been completed on the following streets: Webster, Winslow, Fuller, East Fuller, Warren, East Bradford and East Marshall, and asked that partial assessments against the property be levied. The notice was accepted and the assessment ordered made.

H. C. Tuchsen, agent for the C. A Hooper & Co. properties, presented a map of the Jefferson avenue addition and asked for its approval. After an inspection of the map a reoslution was adopted accepting Topaz street and Wilson avenues in the tract as public streets.

T. C. Rice presented an ordinance designed to regulate the establishment and conduct of laundries and asked that it be adopted by the council. Copies of the document had been placed in the hands of the trustees and seemingly had been perused by them. While the general trend of the proposed law appeared to be acceptable, some of its provisions were questioned and it was decided to defer action until the next meeting.

At the suggestion of Street Superintendent Dickey the city attorney was directed to prepare an ordinance to prohibit the burning of rubbish or the starting of fires of any character on oiled macadam streets.

Chairman Merrill suggested that an ordinance be passed regulating the use of bill boards and street banners. This brought from Trustee Hynding the statement that permission had been obtained before the banners recently placed had been put up.

The fiftieth anniversary of the First Congregational church was celebrated by the people of this city Sunday and Monday. The church was founded Nov. 2, 1862, by Rev. J. S. Zellie and for atime services were held in the upper part of the old courthouse. The charter members of the church were Rev. J. S. Zellie, Mrs. C. P, Zellie, James Dunn, Mrs. Ann Dunn, Mrs. Prudance Merrill, J. J. Dorland, James Cook, Robert McMillan, Mrs. Melissa McMillan, Mrs. Martha Chandler, Mrs. A. A. Thurber and Samuel Churchill, all of whom have since joined the Church Triumphant.

The following pastors have served in the church:

REV. J. S. ZELIE	1862-1863
REV. G. W. FINNEY	1863-1865
REV. W. C. BARTLETT	1865-1866
REV. R. B. SNOWDEN	1867-1869
REV. H. E. JEWETT	1869-1879
REV. G. H. SMITH	1879-1881
REV. R. H. SINK	1881-1884
REV. W. H. PASCOE	1884-1887
REV. L. D. RATHBONE	1887-1896
REV. F. H. MARR	1897-1903
REV. C. KIRTLAND	1904-1912
REV. C. H. STEVENS	1912

The present church building was erected and dedicated in 1864, and has been used continuously since, with the exception of a short period after the earthquake of 1906 when it was remodeled and enlarged.

The services on Sunday morning which inaugurated the celebration will be remembered by all in attendance. The church was beautifully decorated with flowers and ferns, with yellow predominating. On the platform were seated all of the living pastors who have served the church, Rev. R. H. Sink, Rev. L. D Rathbone, Rev. F. H. Marr, Rev. C. C, Kirtland and Rev. C. H. Stevens. The choir was composed of James Fitch, who left Redwood in 1880, W. R. Thomas who sang in the choir from 1870 to 1873, Mrs. Martha Durham, Mrs. Mary Rice, Mrs. Lila Kirkpatrick and Mrs. W. O. Dodge, while Mrs. Kate Kellogg-Hutchinson of Palo Alto presided at the organ.

Rev. Mr. Sink preached the aniversary sermon and contrasted the church of 1882 with that of today. The pastor, Rev. Mr. Stevens then admitted 76 men, women, boys and girls into the membership of the church. This is the largest single class of communicants to ever unite with this church and it is doubtful of any church of many times the size of this one has ever had a larger. Immediately after the reception of the new members Rev. L. D. Rathbone and Rev. C. C Kirtland presided at the Communion of Our Lord's Supper, Messrs H. Martens, S. P. McCrea, J. L. Pipkin and C. Bettin serving as deacons. Rev. F. H. Marr then dismissed the congregation with the closing prayer.

During the service the choir sang an anthem and Mr. Thomas sang as a solo "Flee as a Bird.", This wasthe first time Mr. Thomas had sung this solo since he sang it in thesame church in 1870.

The afternoon service was devoted to the Sunday school and Christian Endeavor. L. P. Behrens presided over the meeting and gave a historical and reminiscent talk about the Sunday school. Roy W. Cloud then spoke on the Christian Endeavor Society and its past activities. Several of those present were called upon and spoke of the Sunday school and Endeavor Society in the olden days.

The evening service was a continuation of the day's activity and again the church was crowded to its capacity. Rev. Mr. Stevens welcomed the assemblage and expressed ahope that many who were present would make it their practice to attend regularly. Mr. Kirtland addressed the congregation with an inspirational talk on "Enduring" which was received wth rapt attention. Mr. Rathbone then spoke, taking as his theme, the life work of Pastor H. E. Jewett and layman, George Kellogg. Mr. Rathbone paid the highest compliments to these men by calling them "true servants of Christ." In addition to the anthems and Congregatical singing Miss K. Wolfenden and Mr. O. M. Carrington sang solos which were greatly appreciated. The benediction was again given by Rev. F. H. Marr. As in the morning the congregation went to the front of the church to greet the old pastors or old time friends and a general season of rejoicing followed.

Monday morning, under the direction of D. M. Williams, all of the visitors were taken in automobiles around Redwood City and vicinity and all were surprised at the changes which had taken place since their residence here.

Monday afternoon was devoted to the activities of the church and among those who spoke were Mrs. L. P. Behrens and Mrs. Robert Brown.

The Monday evening meeting at the Odd Fellows' hall closed the annviersary service and was attended by over two hundred and fifty. Tables were spread and a dinner such as only the ladies of a church can prepare was served. Chicken pie was the predominating feature and with it went all that could tempt the appetite. While the meal was more than could be desired, the decorations in the hall also lent to the pleasure of the occasion and the whole affair spoke of most untiring labors upon the part of the ladies and to them and to their chief of staff, Mrs. C. Bettin, great credit must be given for so fitting a part of the celebration.

When everyone was satisfied that he could eat no more, S. P. McCrea took charge of the meeting and called for several toasts which were wellreceived. The last feature of the program was the reading of a short history of the church and an original poem by Miss Clara M. Shelly, "God Be With You Till We meet again," and "Auld Lang Syne" were sung and the observance of the golden anniversary of the Redwood City Congregational church was ended.

The program and all of the detai's of the celebration were managed by C. M. Doxsee and to his careful planning much of the success of the occasion must be credited.

One of the pleasing features of the anniversary occasioned during the morning offertory when five ten dollar pieces sent by Mrs. M. Finger of Santa Barbara were deposited with the offering.

On the arrival of all the evening trains here the automobiles line up in front of the cars and as the passengers alight they are compelled to walk through a small passage way between the machines and the train. The automobiles get so close to the cars that there is scarcely room for one person to pass at a time. Unless the railroad company puts a stop to this abuse there is certain to be an accident. Apparently owners and drivers of automobiles believe the common people have no rights which they should respect and it is this that brings the owner and driver into contempt by the average citizen.

CIGARETTE HABIT AND HOME EXAMPLE

Correspondent Makes Earnest Pleas for Better Surroundings for Our Youths.

A Christian mother who thought she had been more than careful in regard to the bringing up of her only boy, found out, recently, that the boy had been smoking cigarettes—a vice which has such a strong grip on so many young men, and whtch this mother strongly opposes and had urgently cautioned her boy never to indulge in. yet she is only one of many mothers today who are confronted with this great problem—"How can I prevent my boy from smoking cigarettes."

The intent of this article is not to put forth a remedy whereby cigarette smoking among boys may be abolished; but it is simply to remind mothers and fathers, and all those who exercise any authority whatsoever over boys—who may need a little awakening in the matter, that the "cigarette habit" is still a curse whose abolishment requires and demands our best interest and help.

Doibtless the mother who discovered her boy smoking will as a result of the discovery and the heart-breaking shock it brought to her, pitch all her womanly force into a strong agitation for greater means in bringing about the suppression of the damnable vice that is undermining the health and stunting the mental powers of thousands of our future citizens; and that is what all honest mothers—fathers as well—should do. There are boys today in Redwood City who are fiends to the "pill," yet their mothers don,t know it, and some of them would disbelieve it if told the fact. It has been stated that nearly all high school students, and an almost incredible amount in the grammar grades, were cigarette users—a staggering statement. But we don't need any statements to inform us—the facts are here and, they are plainly discernable. It is a sad truth that many of the younger lads "get the habit" as a result of their association with the older boys who smoke and who often influence the youngsters to do likewise, offering them "pills" or the "makings." It is another fact that men will even encourage an innocent youth in the habit—and right here it should be said that the "man" who would encourage, or even allow, his boy, or any other boy, to indulge in the use of the filthy tobacco weed is not fit to be the father of a child—he is as bad as the father who would hand his child a dose of poison would be.

Where do the mothers and fathers of Redwood City, and every other town and city in these United States, said to be the most enlightened country in the universe, stand on our subject? Perhaps—I say "perhaps" in a spirit of uncertainty—there are a few more, like one or two whom the writer knows of in this beautiful town, who say: "Oh, well, if my boy John is going to smoke, he might as well do it at home as behind some barn or woodshed, where he will do it anyway." Yes, and if your son John, or what ever his name may be, is going to be a drunkard, madam, you might as well stock the refrigerator at home with that that makes drunkards, and let him "go to it." Is not the one as foolish as the other? If I were a woman, I'd hate like sin and the devil to be the mother of a grown son who could say, as many are saying somewhere tonight, "when I was a boy I could smoke at home, and do lots of other things some parents would object to, without my father or mother ever interfering"—and they often add that it never did them any harm, either. So they think: but have you ever seen many of these "early beginners" bearing the marks, or the characteristics, of what may be called a "respectable rearing?" Such a confession as the above is a shady reflection on the life of the parents of the one who makes it.

There is no good reason why a father should smoke, if he strictly opposes his son's smoking on the grounds that it is hurtful to the boy. The old pipe fogy who avers he has smoked nearly his whole life and the practice never did him any harm, and then deliberately charges that cigarettes are detrimental to the health, is as inconsistent as he is absolutely wrong about smoking never doing him any harm. Tobacco is tobacco, in all its forms, and its use in any form has but one effect on the individual user—that's disastrous.

Do boys smoke to appear "manly?" Perhaps that may be one reason for their indulgence in the habit. But why is it that most boys—after they have once begun to smoke and found it to be not so manly, but rather demoralizing—why is it they can't break the habit? Perhaps the young man explained the secret of this when he said to the writer, "It's no use, I can't cut the 'cigs'—I must have them, just as a dope fiend must have his dope."

What has this dope-like effect on the mind, caused by cigarettes, led to? Go to any of our prisons or to any of our hospitals and asylums, and find out. You will learn with amazement that the cigarette habit can be blamed for almost as much crime and disease, and nearly as much insanity among the insane, as the "drink habit" can be blamed for. When does this habit begin to work its destruction in the life? The detention homes will nearly all tell you. The facts are sickening, but they are there—and indisputable.

Young man, listen! Could you see yourself with your "pill" or "snipe" in your mouth, as others see you, or if you could but catch a vision of your future self after the cigarettes have done their work—you would then discover that you are just what others, who see you, think you are—unmanly and unwise in the extreme. For every cigarette you smoke and inhale into your system makes you so much less a "man" and so much more a "fiend."

Mothers and Fathers! Do you know that cigarettes are a curse to boys—that they are a curse to you, because they aim at the physical and mental life of your own flesh and blood, and aim with deadly intent? It is your duty and it is the duty of everyone who has to do with our future citizens, to oppose, to strike at, and to help annihilate—if its annihilation can be brought about—this health-wrecking, mind-destroying vice.
